The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors that are being corrected in the reissue application arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414. The amendment filed on November 18, 2002 corrects errors in two amendments, but is not covered by any previous reissue declarations. A telephone call to applicant's attorney resulted in a supplemental declaration sent by fax on January 15, 2003, but this declaration was signed by only one of the two inventors. A supplemental declaration signed by the second inventor, Claus Koster, is required.

Claims 1-40 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 2881

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
